

Review a Spanish Newspaper

Read the front page of a Spanish Newspaper. ¡Ojo! Attach the front page
(Try **World News** in Clayton, or a local Hispanic foods market)

How is it different than the Post Dispatch or the Riverfront Times?

How is it similar?

Look at some of the headlines, what kinds of stories made the front page?

Are any of the top stories the same as what our news is talking about? Which ones?

Choose one article, read the entire story and underline all the cognates.

List 5-10 terms that were new to you and their meaning.

What is the story about?

Why do you think it's important to the people of that country?

What sorts of stories are NOT reported in this newspaper compared to the Post?
